German Exploits on Atlantic Have Revivifying Effect on the Market.

HIGHER PRICES RULE

Republic Steel Makes Inspiring Report. Auto Stocks Ride on Sweeping Wave of Popularity to Revival.

New York, Feb. 2.—German exploits to the Atlantic became a positive factor in the stock market today. It tends to nounced here that the French government is arranging to place a huge order for steel with the United States with Germany, and proves that England's ability to blockade the sea is not absolute.

Stocks were strong for the basic reason definitely settled, but is expected to explain the probability of the utilities market, caused by the activity and forthcoming valuation report of the Public Utilities Commission, has been ascertained by the probable injection of the prohibition question in one form or another in the near future.

While the work of the Utilities Commission, has been definitely settled, but is expected to explain the probable injection of the prohibition question in one form or another in the near future.

NEW YORK GRAIN.

Fashington Oil Co., rairie Pipe.....

TOBACCO DIVIDEND SURPRISE.

Harvest Because of War.

New York, Feb. 3.—Payment of the reg-ular dividend by the American Tobacco Company came as a surprise to those traders who permit themselves to be mised by price movements. The tobacco companies are making more money now than ever before in their history. The inability of several of the large ones to get tobacco from Turkey is forcing them to work up stocks of American tobacco of much lower value. The un-usual profits are offset to some extent by more liberal advertising expenditures. Taken as a whole the concerns that formerly constituted the tobacco trust are suffering just about as much as former members of the Standard Oil Company. The American Company, has large orders or cigarettes for soldiers in the trenches

Chicago, Feb. 2.—The shipments of grain are likely to be hampered by the renewal of the embargoes by some of the leading railroads of the country, and which may prove a bearish factor, not only in wheat, but in corn and oats as well. Embargoes again have been issued by the Pennsylvania system against shipments of grain to Philadelphia and Baltimore, by the Chesapeake and Ohio to Newport News and by the Rock Island to New Orlesna. This will in a manner tie the hands of those who are anxious to make shipments from the West.

the West.

The conflicting influences in the wheat market today were the embargoes in the West and the export business in the East. The volume of trade was confined mainly to local professionals, with the outsider waiting a further price break in order to reinstate lines of wheat of which profits were secured sometime back.

the outsider waiting a further price break in order to reinstate lines of wheat of which profits were secured sometime back.

The trend of the wheat market was quite uncertain today, and while fluctations were held with 1% to 1% cents, the close was in the same place as those of Wednesday. Sentiment was bearish and, bullish by turn, yet there were more bears than bulls at the close of the day, although some of the larger and more conservative speculators favored the bull side.

There was some buying of wheat futures today credited to Frunch export interests, not only at Chicago and New York, but at Winnipeg. Conditions surrounding the wheat market in all positions were rather mixed pending the operation of the new foreign government purchasing committee, which is in the East at present. The arrangement for buying grain for the allies is making progress. Offices have been secured in New York and it is understood that the American representative will be located at the seabourd with subrepresentatives at Chicago.

That the English, French and Italian governments will all be represented by this one main headquarters. The fluancing of the business will be furnished by the English committee.

Cour ruled is to X cent lower today. The early

STUNNED IN AUTO CRASH.

Representative Bachrack Injured and Machine Demolished.

Representative Isaac Bachrach, of Ne Jersey, was injured early yesterday in s collision of automobiles at Fourteenth and T streets northwest. He was riding with Henry F. Marsden, or 1920 g street northwest, in Mr. Marsden's machine. The automobile was demolished in the

automobile said to be at fault, was arrested on charges of colliding and driving an automobile while intoxicated. Mr. Marsden was driving north on Four-teenth street and Siade was traveling cast n T street.

in T street.

Representative Bachrach, the only one injured, was stunned by the impact and cut by glass from the broken windshield.

He was treated by Dr. E. L. Mason, in the Portner, and driven to his ho
